

CARFAX

COLLEGE

— OXFORD —

UK PROSPECTUS

INTRODUCTION

Carfax College, part of the Carfax Education Group, is a specialist college providing expert tuition to pupils from all over the world. Its primary focus is the preparation of pupils for entrance into leading higher education institutions and schools, as well as the support of both particularly gifted pupils and those with specific learning needs.

Carfax College offers one and two-year courses in all GCSE and A Level subjects with full careers and university guidance. Long-term and short revision courses are offered year-round for all GCSE and A Level subjects, as well as those leading to other qualifications, such as Cambridge Pre-U or International Baccalaureate. Carfax College also prepares pupils for entrance tests and examinations to selective schools and universities in the UK and abroad.

While many pupils come to Carfax College to maximize their chances of successful entry into these universities or schools, others' priority is to lay a solid foundation for future progress. Close personal support is available for all pupils, including those with specific learning needs. With such a rich cultural heritage of the city and university of Oxford on its doorstep, with so many sports clubs and student societies available, Carfax encourages pupils to participate in a breadth of extra-curricular activities. A range of accommodation options is also available.

The College has an excellent track-record of successful entry into Oxford, Cambridge, and other leading universities, as well as some of the UK's most famous boarding schools. Carfax College is a recognized Tier 4 Student Visa sponsor and can issue short-term or long-term study sponsorship certificates at any time of the year. Students from overseas can come to Carfax College at any time.

QUALITY OF TEACHING

The quality of the teaching and learning provided by the College has been judged consistently to be excellent by the Independent School Inspectorate (I.S.I.), the body appointed by the U.K. government to inspect and oversee the country's independent schools, following visits in 2012, 2013, 2015, and 2018. Comments from recent inspection reports have included the following:

“*‘Teaching is excellent and very successful in bringing about outstanding levels of achievement.’*

‘The quality of the curriculum, teaching and learners’ achievements is excellent. Initial assessment is excellent and is highly effective in matching course provision to pupil needs and aspirations’

”

“*‘Attainment and progress are excellent... Pupils speak very highly of their tutors and the support they receive, reporting that they are making excellent progress. Results in external examinations are very good’*

‘Pastoral support for pupils is outstanding and is a particular strength of the school. Pupils receive very high levels of support from tutors on personal issues.’

”

MEET SOME OF OUR TUTORS

Angus teaches English, holds a doctorate (DPhil) from the University of Oxford and is CELT-trained. He has 8 years' teaching experience, from specialist summer schools to undergraduate teaching and admissions interviewing at Oxford.

Matthew is a specialist Mathematics tutor, with a DPhil from University of Oxford, and Masters in Mathematics from University of Cambridge and First-class Honours in his Bachelor's degree from Cambridge. He undertook his teacher-training (PGCE) at University of Oxford, specializing in the teaching of Gifted and Talented children, and has 5 years' experience of tutoring, including the preparation of students for Oxford and Cambridge entrance tests.

Philip teaches Chemistry and holds Bachelor's, Master's and Doctoral degrees from Oxford. He has many years' experience of research around the world, and has lectured at post-graduate level at University of Oxford. In addition to his many years of teaching, he has had a significant number of scientific papers published.

Rachel teaches Biology and also holds Doctoral, Master's and Bachelor's degrees, as well as having been a researcher at both Oxford and Cambridge Universities. She has had scientific papers published and has many years of tutoring experience.

Kate teaches Psychology, and achieved her Master's degree at University of Oxford. She has many years of experience in the course design, as well as teaching and tutoring, and has been an examiner, moderator and trainer for Cambridge International Examinations.

OUR COURSES

Carfax believes that every learner has individual needs and a preferred learning style. Therefore, courses at Carfax College are all individualised. The number of hours of tuition, and the intensity of the timetable will vary for each student. The College's Director of Studies will discuss with the student the best format and content for his or her studies, based on his considerable knowledge of current subject, examination and qualification requirements, so that each student ends up with exactly the right course.

CATEGORY 1: FULL-TIME ACADEMIC COURSES

Carfax College offers a wide range of full-time academic programmes: these include (i)GCSE, A-levels, International Baccalaureate, Cambridge Pre-U, SAT and AP, with additional English language (EFL/EAP) support provided as required. Courses will be delivered as one-to-one or small group tuition.

All major subjects and examination specifications are covered by tutors with direct experience of those syllabus requirements. Emphasis is also given to extensive examination technique and past paper practice, to ensure that talented students approach the examinations with a sense of familiarity and a comprehensive subject knowledge and technical grasp of their disciplines.

For students who are firmly focused on entry to top schools and universities, the one-to-one or small group tuition available at the College allows for a high level of individual attention, leading to a fuller understanding and greater confidence.

	Suitable age:	11 – 17 years old (although tuition for younger or older students may occasionally be possible)
	Starting time:	at any time of the year, including holiday periods
	Course content:	<ul style="list-style-type: none"> ◆ 1-to-1 tuition with experienced tutors in chosen subjects (the total number of lessons per week per subject to be decided with the Director of Studies) ◆ 1-to-1 English language (EFL) support tuition when required. This can include preparation for formal English examinations, such as IELTS ◆ Mock examinations and past paper practice ◆ Relevant internship experience, including laboratory experience, can be arranged as required, at an additional cost
	Course duration:	Full-time in Oxford: 15/20/25 hours of tuition per week, as agreed with the Director of Studies, from 1 month to 2 years or longer, depending on the student's needs and ambitions
